

Phone Policy – CAMERON High School Choir

In general, there is not much need for phones in choir class. Occasionally, an assignment will call for phone media usage. Those instances will be announced.

If a student needs to use their phone briefly for a school matter (texting a concert date to a parent, referring to their calendar), that is acceptable, however, ***the student should ask permission first so that there is no misunderstanding on my part.***

Any student caught texting or using their phone repeatedly without permission will:

- 1) Receive a verbal warning and an email will be sent to the parent.
- 2) The phone will be taken away until the end of the hour.
- 3) The phone will be taken away until the parent can come and pick it up from me.

Remember: Failure to plan on your part does not constitute an emergency on my part.
